

COURSE NAME	ONLINE LIVE	ONLINE RECORDED	INSTRUCTOR
Cybersecurity and Data Privacy - Filmed in 2020		Available Now	Gilad Perry & Cat Coombs

In our evolving digital world, cybersecurity and data privacy are paramount in keeping you and your clients safe.

In this fun and engaging session you will:

- Find out how personal data is gathered, used, and shared online; Gaining an understanding of how your behaviors affect both your personal and your company's data security and reputation.
- Review key privacy regulations and see how to make them work at your office
- Learn how hackers operate and which attack vectors they use
- Experience some hands-on hacking simulations demonstrating everyday attacks your business is exposed to.

It's not *if* a breach will happen, it's *when* a breach will happen. Be prepared!

Leave with tangible actions you can take to improve the privacy and safety of both your personal and professional digital world.

THIS COURSE CONTAINS 3 HOURS OF ACCREDITED CONTENT APPROVED BY THE LAW SOCIETY OF ONTARIO TOWARDS PROFESSIONALISM HOURS
